Have you been...

- contacted out of the blue
- promised tempting returns and told the investment is safe
- called repeatedly, or
- told the offer is only available for a limited time?

If so, you might have been contacted by fraudsters.

How to avoid share fraud

- 1 Reject cold calls**
If you've been cold called with an offer to buy or sell shares, chances are it's a high risk investment or a scam. You should treat the call with extreme caution. The safest thing to do is to hang up.
- 2 Check the firm on the FS register at www.fca.org.uk/register**
The Financial Services Register is a public record of all the firms and individuals in the financial services industry that are regulated by the FCA.
- 3 Get impartial advice**
Think about getting impartial financial advice before you hand over any money. Seek advice from someone unconnected to the firm that has approached you.

Remember: if it sounds too good to be true, it probably is!
